

16th World Congress on Cancers of the Skin®
12th Congress of the European Association of Dermato-Oncology

AUGUST 31 – SEPTEMBER 3, 2016
VIENNA, AUSTRIA

Wednesday, August 31, 2016

Time	Festsaal	Zeremoniensaal	Rittersaal	Geheime Ratstube
1:30 PM – 3:25 PM	SY1 Epidemiology of Skin Cancer, Public Education and Primary Prevention <i>Chairs: P. Robins (USA) V. Del Marmol (Brussels, Belgium)</i>	SY2 Biology of Skin Cancer Development <i>Chairs: M. Herlyn (Philadelphia, USA) B. Lichtenberger (Vienna, Austria)</i>	SY3 Dermoscopy Part I Basics <i>Chairs: I. Zalaudek (Graz, Vienna) H. Kittler (Vienna, Austria)</i>	
	SY1-1 1:30 PM Epidemiology of skin cancer worldwide A. Halpern (New York, USA)	SY2-1 1:30 PM UV and carcinogenesis – one source, many mechanisms T. Schwarz (Kiel, Germany)	SY3-1 1:30 PM The good: melanocytic nevi S. Puig (Barcelona, Spain)	
	SY1-2 1:50 PM Skin cancer prevention in Australia M. Janda (Brisbane, Australia)	SY2-2 1:50 PM RG1-VLP - a chimeric virus-like particle vaccine for prevention of HPV-associated cancers R. Kirnbauer (Vienna, Austria)	SY3-2 1:50 PM The bad: melanoma G. Argenziano (Napels, Italy)	
	SY1-3 2:10 PM Skin cancer prevention in the US A. Geller (Boston, USA)	SY2-3 2:10 PM The immune system and carcinogenesis – friend or foe? F. Nestle (London, UK)	SY3-3 2:10 PM The ugly: seborrheic keratosis R. Hofmann-Wellenhof (Graz, Austria)	
	SY1-4 2:30 PM Euro-melanoma, a successful public awareness campaign V. Del Marmol (Brussels, Belgium)	SY2-4 2:30 PM Melanocytes – why they can give rise to deadly tumors M. Herlyn (Philadelphia, USA)	SY3-4 2:30 PM The neglected: pigmented epithelial neoplasms I. Zalaudek (Graz, Austria)	
	SY1-5 2:50 PM Is there a skin cancer epidemic in Southern America F. Stengel (Buenos Aires, Argentina)	SY2-5 2:50 PM Keratinocytes and autophagy – a role in carcinogenesis? E. Tschachler (Vienna, Austria)	SY3-5 2:50 PM The hidden: non-pigmented neoplasms H. Kittler (Vienna, Austria)	
	SY1-6 3:10 PM Skin cancer in the middle European region P. Arenberger (Prague, Czech Republic)	SY2-6 3:10 PM Do fibroblasts have a role in cutaneous carcinogenesis? B. Lichtenberger (Vienna, Austria)	SY3-6 3:10 PM The eccentric: special sites J. Malvehy (Barcelona, Spain)	
3:30 PM – 4:30 PM	Coffee Break		SAT2 <i>Novartis Symposium</i> Achieving individualized treatments in BRAF mutant metastatic melanoma: what are the clinical implications of the data? <i>Chair: J.-J. Grob, (Marseille, France)</i>	SAT1 <i>Merck-Pfizer Alliance Symposium</i> Current and potential future treatment options for Merkel cell carcinoma <i>Chair: M. Locker</i>
			SAT2-1 3:30 PM Welcome and introduction – what have we learned at ASCO 2016? Proportion of patients show long term response to therapy as exemplified by long "tail" in survival curves J.-J. Grob, (Marseille, France)	3:30 PM Welcome and introduction J. Becker, (Essen, Germany)
